COUNCIL MAY RAISE MONEY FOR FLU EXPENSE

Are Given This Option by Legislature as Last Session—C. F. MacLean Tenders Resignation as Stenographer—New Police Submits Report.

The council held its regular meeting Monday evening with Mayor Iost in the chair and Councillors Lytt, Broughton, Keats and Laville present. After reading of the minutes Mayor Iost reported that the Board of Health had met and appointed E. Everett as sanitary inspector and pump keeper. He also reported that Mr. Everett had been sworn in as policeman for the time being. Council confirmed the action of the Board of Health, on motion of Councillor Laville all Kraits.

Constable Everett reported no work done since he was appointed. He stated that his principal work so far was in connection with looking after pig pens and tagless dogs. He asked if it was the intention of council to charge a license for a garage. Councillor Keats did not think a garage owner should have to pay a license to do business any more than to do business any less of business. The matter was laid over for the present. Mr. Everett also drew attention to a number of buildings in town which he considered unsafe. He high lighted the owners to have same fixed up. He reported that he had also been busy on work for the Board of Health.

The bylaw regarding licensing horse drays was amended to include motor trucks.

The water committee was authorized to purchase stocks and pipes for the pump station. The committee was also instructed to purchase 3,000 feet of down pipe and 9,000 feet of wooden pipe to repair water mains.

The secretary was instructed to get prices on pig rubber boots for the street men.

Some accounts passed by the finance committee were ordered to be paid. A letter was read from the department of municipalities informing the council that at the last session of the legislature an act was passed allowing municipalities to raise funds by way of issuing debentures for payment of expenses in connection with the influenza epidemic, same to be limited to five years.

J. Kitchen, town foreman, wrote council asking for an increase in salary. The request was referred to the water committee to investigate and report at next meeting.

C. F. MacLean wrote, tendering his resignation as stenographer for the town and asking that same take effect on May 1st. The resignation was accepted with regrets.

Councillor Laville introduced the subject of a celebration for the signing of peace. The council was unanimous that some suitable commemoration should be held but the matter was left in a abeyance until proclamation was issued by the government. The fire chief was authorized to purchase washers for the hose for the fire hall.

Tennis Meeting To-Morrow Evening

Tennis enthusiasts in town have already been busy on the court grounds and now have them in good condition for playing. The indications are that there will be a number of active players in town this season and in order to get every to a good start a meeting is being held at Mr. Baldwin's office tomorrow (Friday) evening, commencing at 8 o'clock. For the purpose of organizing, electing officers and outlining a program for the season. All interested are requested to attend this meeting.

Farewell Social at Presbyterian Church

A few of the more intimate friends of Mrs. and Mrs. Layland, Mrs. Wray and Mrs. Miss Hitchen met in the Presbyterian church last Monday to bid them farewell before they took their departure from Redcliff. After the singing of a few hymns and the rendering of an impromptu program the following address was read by Dr. Shearer, who presided at the gathering:

To Mr. and Mrs. John Layland, Mrs. Wray and Mrs. Miss Hitchen: Dear Friends:— We have been requested on behalf of the Presbyterian church to express to you your deep regret that you are about to take your departure from our midst. You have all been very various spheres, faithful workers in the cause of Christ. Willingly and cheerfully you have given of both your time and substance and have been a real encouragement to your minister.

Mr. Wray, Mrs. Layland, Mrs. Hitchen and Mrs. Wray, who have been so closely associated with the ladies of the congregation, and have always been ready to help in every good work in which they were engaged—we shall miss very much. We know that wherever your lot may be cast you will carry on with you as you have done here.

And you, Mr. Layland, who have served so faithfully and well on the board of management, we shall miss your wise counsel and good example. We ask you, on behalf of the board of management, to accept this token of our respect and love. We know that this book, or rather this "Voice Auditor," has been a real source of comfort and strength—and whenever in future years your lot may be cast, may it help you to keep in memory your association with the church workers of Redcliff.

Miss Hitchen, who have always been indefatigable in your efforts on behalf of the choir and Sunday school—we ask you to accept from your co-workers in the choir and Sunday school this little present as a token of our appreciation of your character and services.

We are sorry you are all leaving us. We shall miss you very much. Some of you are starting on a long journey. We do not blame you for wanting to see the old land again, and to look once more into the faces of the dear friends and relatives from whom you have been parted for so many years. We wish you a safe trip across the continent and over the seas. But we hope you will return to us some day, so we may make back to Canada.

Signed on behalf of your friends, WILLIAM SHEARER, D.D.

Light refreshments were served by the ladies and the meeting closed with singing of "Blest Be The Tie That Binds."

The Dutch government has decided to surrender the former Kaiser to the Allies, according to a Hague dispatch to the National News.

C.N.R. Contr.ctor Arrives This Week

A. J. Sanderson, of Winnipeg, who has secured the contract for 25 miles of the grade on the C. N. R. branch line from Hanna here, and J. Wilkerson, who is also connected with the work, arrived in town on Tuesday to make the preliminary arrangements in connection with this contract. Mr. Sanderson's contract commences at Redcliff and runs for thirty-five miles in a northerly direction. It is his intention to start operations at work out from this point, making this his headquarters. The outfit for this work has been delayed recently but it is expected to arrive any day now. Everything is in readiness for operations to commence just as soon as the outfit arrives.

LOCAL BRANCH

G. W. V. A. NOTES

The Sacred Concert to be held in the Amuse-U theatre on Sunday, May 18, at 8.15 p. m. will be the 25th. You know what the other concerts have been and how much you enjoyed them, therefore be on hand early and get a good seat.

As English Day falls on a Saturday this year we have decided to hold our English Day Whist, Drive and Dance on Friday May 24th. The card game will commence at 8.30 p. m. and dancing will be in progress from 11 p. m. to 2 a. m. or thereabouts. Don't miss this event because there will be good prizes, supply dances and first class music, besides, we will fill you up comfortably full at supper time. The prizes for all will be a good one for each person. Tickets will be on sale on Saturday.

At a meeting of the Redcliff Branch of the G. W. V. A. of Canada, held in Redcliff on May 14th, 1919, the following resolution was voted upon and unanimously carried:

Whereas, in the opinion of the Branch, Article 3, Section 16, of the Constitution, By-Laws and Regulations of the Great War Veterans Association of Canada, is too conservative, it is that—

1. Men who volunteered for active service but through no fault of their own never left Canada are not eligible for membership, while men who were conscripted under the Military Service Act, 1917, and who reached England or France are permitted to become members.

2. Men who are not members of Military service and since it is extremely difficult and unsatisfactory to obtain release from service who were forced to serve and those who were eager and anxious to serve but felt at home and who were ultimately called to service under the Military Service Act 1917. A great number of men who were sent to England and the front and are therefore entitled to become members of this Association, while others were obliged to remain in Canada and were therefore not entitled to membership.

3. There are numerous associations in Canada who are more than willing to accept men as members who are not entitled to membership in the G. W. V. A. of Canada, therefore the constitution of our association should be amended, as outlined in the last paragraph of this resolution, in order to give these men an opportunity of becoming members, thereby strengthening our ranks, eliminating duplication of work and making for co-operation with the other associations and other associations as opportunity of amalgamating with the G. W. V. A. of Canada.

4. There are many men now in Canada who have been members of the regular army or navy of the British Empire and honorably discharged from any branch of the army or navy of the British Empire and who are quite as patriotic as we who are members of the G. W. V. A. of Canada, but under the present Constitution they cannot become members of our Association.

It is therefore resolved that the following resolution be forwarded to the Dominion Secretary of the G. W. V. A. of Canada for the purpose of being brought before the convention scheduled to assemble at Vancouver on June 22nd, 1919:

By-Laws and Regulations of the G. W. V. A. of Canada be amended to read: "Whereas any person of good character who has served in any capacity in any of the armies or navies of the allied forces during the Great War of 1914-1918 shall be eligible for membership and any man who can satisfactorily prove that he has been honorably discharged from any branch of the army or navy of the British Empire or any man who can satisfactorily prove that he has at some previous time seen active service with the army or navy of the British Empire, shall be eligible for membership."

The war will not be over until the G. W. V. A. has honorably met every commitment of the war to win the war. Buy W. R. S.

Brezelawn Farmers Organize a U.F.A.

Farmers of the Brezelawn district, west of town, near the school house recently and decided to form a branch of the U. F. A. There was a good crowd in attendance after going fully into the preliminary work the following officers were elected:

President—James Haslam.
Vice Pres.—Ted Bardsell.
Secretary—Bern Morrow.
Ex. Com.—A. Dubeau and M. Slatery to act with the above officers.

After the organization work was completed several matters of interest to the district were taken up and discussed. The question of road disrepair in the surrounding country took up some attention and a committee, consisting of Messrs. G. Dubeau, G. Martin and M. Slatery, was appointed to look after this important matter. This committee has already been busy. They arranged a visit from the government road inspectors and have had him over the ground. Among other matters to come before the meeting was the question of rural telephone and the securing of rural mail delivery.

The new organization starts out under most auspicious prospects. Already ready there is a membership of over forty and all are taking an enthusiastic interest in the work allotted to them.

The Redcliff and District Welfare Association wishes the new organization well and is reported to be making an invitation to meet with them at the meeting in Bowell next Wednesday evening.

Foundry Here is Doing Good Work

One of the busiest places in town these days is the foundry in connection with the Canadian Western Steel Company's plant here. This foundry has been doing a considerable amount of work since the war. Almost daily about fifteen men are employed at present they are turning out large quantities of castings and repairs on cast-iron and steel.

At the present time about twelve tons of castings are being turned out every week. Among them are some weighing as high as 4,000 pounds, and they very from that down to half a pound. Most of this work is for the open heart department of the Rolling mill which is opening up for the first time. Most of this work is constantly requiring castings of various kinds there is no doubt that the foundry will be kept fairly busy. The work being turned out is of exceptional quality and is giving entire satisfaction.

R.&D.W.A. To Meet At Powell Wednesday

The next regular meeting of the Redcliff and District Welfare Association will be held at Bowell on Wednesday evening next, May 21st.

As there has been no meeting of this organization now for some time owing to weather conditions followed by seeding operations, a bumper gathering is looked forward to on this occasion. All interested, both in town and surrounding country should make it a point to be present.

STEEL MERGER WILL EFFECT LOCAL PLANT

Is Amalgamated With Medicine Hat Rolling Mill and Collingwood Industry—Will Benefit Redcliff.

Under the name of the Canadian Western Steel Corporation, Ltd., Calgary; capital \$2,000,000, there has been amalgamated the Canadian Western Steel Company of Redcliff, and the Alberta Rolling Mills at Medicine Hat. Several well known Calgary men are interested in the project and the re-organized company will manufacture steel ingots and other products for manufacture into articles of steel.

Most of the raw material for the proposed steel mills is in the form of scrap steel and iron shipped in from the various western provinces to a centre of cheap fuel. About ten per cent of pig iron is imported from the east, principally Pittsburgh, for smelting purposes and the combined product is said to exceed the original iron, for many purposes.

Most of the iron ore of the promoters are turned toward the location of an available supply of iron ore in the mountainous district just west of Calgary and it is reported that the company is already in the field investigating deposits which have been known to exist for years.

We require the above from the Calgary for last Tuesday. In addition to the amalgamation above referred to, the Canadian Western Steel Company has also joined forces with a large industry in Collingwood, Ont., for the purpose of working together for the general good of both. The combining of these forces will, we are assured, lead to greater development than ever in the steel industry already established here.

Bargains in Linen At Red Cross Rooms

At the time of the influenza epidemic a quantity of linen and muslin articles were purchased and placed up to equip the emergency hospital. As there is no further use for this goods, the Red Cross committee has decided to offer same for sale at very reasonable prices. These articles consist of pillow slips, sheets, aprons, towels, gowns, etc. They have all been laundered and are in good condition for immediate use. As these goods will be sold at genuine bargain prices may be expected. The sale will be held in the Red Cross rooms and take place on Wednesday, May 20th, between two and five o'clock in the afternoon. This will be the only opportunity to secure these bargains, as after that date what is left will be packed and shipped.

The following are the prices at which these goods will be sold: Sheets, each 1.00
Cot sheets, each50
Draw sheets, double, unbleached cotton 75c
Pillow slips, a pair 50c
Towels, each 50c
Gowns, each 50c
Aprons, each 50c

Rolling Mill To Start Up Monday

After being closed down for several weeks in order to complete the new connection with the Iron-ore, the open heart furnace, the Rolling mill and steel plant will open on Monday, May 20th, at first next week.

The mill will start up on Monday morning, the steel mill on Tuesday and the finishing mill on Wednesday. We understand that everything is in good condition in all departments and that a heavy season and steady is ahead for this plant. About 150 men will be placed at once and this number will be increased from time to time as the mill gets back into its old time working.

"Even if important changes are not made by the negotiation the bargain at Verdun, there remains no choice but to how to compel and sign the treaty," says an appeal of the Central Union of Independent Socialists party of Germany in the party organ, Die Freiheit.

BANK MONEY ORDERS The Best Way to Remit Money

You doubtless have occasion to remit small amounts from time to time in payment of subscriptions to magazines, purchases from Mail Order Houses or other out-of-town settlements, and have been occasionally obliged to send the cash itself or to forward your personal cheque. Cash, even if sent by registered mail, is liable to loss when paid by the office, and upon affording the bank the usual protection, the amount of the order will be refunded to you, or a new order issued without further charge. We append hereto a table of rates which we hope you will find before you for reference.

These Orders are payable at any Chartered Bank in Canada without charge. Yukon territory excepted.

RATES: \$5.00 and under 3 cents Over \$10.00 to \$30.00, 10 cents Over \$30.00 to \$100.00, 6 cents Over \$100.00 to \$500.00, 15 cents Over \$500.00 to \$1,000.00, 20 cents Over \$1,000.00 to VOTERS' LIST.

According to changes made in the Town Act some time ago by the legislature, wives, husbands, sons and daughters of all property owners are entitled to vote on all municipal elections. The only qualification was that they must all be of age and the secretary of each municipality was supposed to add all such to the voters' list. At the last session further changes were made. These changes require that all property owners who have any in their family qualified to be put on the list as above stated must apply to the secretary in writing, giving the names of the ones to be so added and proof of such right.

This change was necessary because few if any secretaries of the sons and daughters of property owners. Consequently those who were overlooked were deprived of the privilege which others enjoyed.

Ratepayers, therefore, who have those in their family who are entitled to be on the list should attend to this matter at once, as this year's list will be compiled in the very near future and the time is limited for making such application.

MAY GET SOMETHING.

According to the Medicine Hat News there are rumors to the effect that Capt. Pingel, Redcliff's representative in the legislature, is to be invited to join the provincial cabinet on no distant date.

The death of Hon. C. W. Fisher, who had been speaker of the house for years, is no doubt, the cause of rumors of cabinet changes at this time, but as no reports of intended resignation from the present, recently reorganized cabinet have been current, the rumors leave us in the dark as to what portfolio Mr. Pingel would be likely to fill.

If there are to be any changes at this corner of the province, it is entitled to some consideration in any new appointment, as compared with other sections of the province, we are not fairly represented in the cabinet.

Naturally we would be delighted to see our member taken into the cabinet. Since we can't get any assistance from the government to build a ferry across the river, or to hold an agricultural fair, or to get rural telephone, it will be some consolation to know that our member was able to get something.

FLIES.

Certain authorities are predicting more than usual trouble with flies this summer, owing largely to the comparatively mild winter. Whether or not the theory is correct, no chances should be taken. The common housefly is one of man's most dangerous enemies. As a means of spreading a number of serious diseases such as typhoid fever, dysentery and tuberculosis, the fly plays a sinister role. Its ability to reproduce itself is amazing, the descendants of a single pair numbering millions in a season under ordinary favorable conditions. Such conditions exist where rubbish, filth and manure are left unprotected so that flies may lay their eggs

therein. Consequently, the first principle in exterminating the pests is rigid cleanliness and then more cleanliness. The fly avoids cleanly conditions as men avoid the plague.

Moral: Keep your surroundings clean.

GOODWILL.

I have yet to see the man, however great and exalted his situation, who is not susceptible to the approval of his fellow men. I have yet failed to see the man who is worth calling a man who does not put forth his best efforts under the approval of his fellowmen. And the severest criticism that can come to any man is not to find fault with him, but not to be noticed at all. When a man is not noticed, he knows that he has not gained the approval of his fellows, but when he is approved he gives his best effort.—Chas. M. Schwab.

UNUSUALLY RUINS.

We clip the following from "Conservation" a monthly bulletin issued by the Commission of Conservation:

"Why is it that so many villages, towns and cities permit the wreckage resulting from serious fires to remain in the very centre of their business areas? Every traveller who visits villages and smaller towns especially, must have noticed these misadventures, floundering houses, and the right to the sale of such, filled with water and partly burned timbers, without even a railing to prevent accidents to pedestrians. Canada has long held the world's record in the matter of fire losses, and the fact that burned ruins are permitted to remain for years in scores of communities, indicates how shameless Canadians are with respect to their prodigality."

It is now getting around to the time of year again when some attention should be given to the watering troughs. Because of its convenience and location the one on the vacant lot west of the cigar store should be used up any time now. This watering trough has in the past been well patronized and greatly appreciated by the farmers of the district.

A number of rural municipalities and U. F. A.'s throughout the west are paying bounties to children for killing gophers. The bounties in many cases are being paid in "Thrift Stamps." This is a splendid idea and one that might all be followed by those who are thinking of adopting the bounty system for this purpose.

When D. McKennie, Liberal leader in the Federal house, stated frankly in the house that protection had done a great deal for industry in this country, and hinted that the present time was not opportune for drastic changes, he dropped a bomb that has made his followers sit up and take notice.

The request of the Shell Transport Company, an English company, for large oil concessions in Alberta, was turned down by the Dominion government. This was a wise move. If our unlimited natural resources are to be utilized to the best advantage they must be developed by the people for the people.

It is reported that Clifford Sifton's friends, the Doukhobors, are starting out on another nudist pilgrimage. If this is correct it will serve as another argument against granting rights in Canada. At least no far as Douks are concerned.

According to evidence being taken by the Industrial Commission which is holding sessions in the principal centres of the

western provinces, there is no doubt that the government must soon take steps to control the food prices.

Interesting Map

Free for Asking

The farmer, merchant or other citizen of the west, has often felt the need of information as to the exact location of the points at which the sittings of the different courts are held or at which title deeds, chattel mortgages, transfers affecting personal property, etc., may be registered. The new issue of the Land Registration and Judicial Districts map which has recently been published by the Department of the Interior through the Natural Resources Intelligence Branch shows by a simple color scheme the boundaries for both land registration and judicial districts in Manitoba, Saskatchewan and Alberta. The towns which are the centres of the respective land titles or land registration districts as well as the places where the county or district courts and the supreme or courts of King's bench are indicated by simple conventional signs.

A copy of this map may be obtained free of charge on application to the Natural Resources Intelligence Branch of the Department of the Interior, Ottawa.

Nurse Cavell's Body

Moved to England

The movement of the remains of Nurse Edith Cavell for interment in England took place on Tuesday, May 19. The body was exhumed at Brussels on March 17, placed in a double coffin of zinc and oak and conveyed to the Tir National. The body was found clothed in a black dress under a black cloak. The hat was also discovered in the coffin. The body was well preserved and the features were perfectly recognizable. It is understood that an examination reveals that the nurse's death was instantaneous. She was struck by four bullets, two of which entered the right side and two the left, one of the bullets later piercing her heart.

Soldiers Settlement

Bill is Extended

The soldier settlement bill, introduced by Hon. Arthur Meighen in the house extends the scope of the legislation passed in 1917, by which Dominion lands within 15 miles of railways were made available for soldier settlement, and it now provides for the purchase of privately owned lands in any province for sale to eligible soldier settlers. It also enables the soldier settlement board to compulsory purchase lands which are held to be retarding agricultural development.

Those eligible to take part in the benefits of the act are members of the Canadian, Imperial or Colonial forces who served with an honorable record in a actual theatre of war, or outside the country of settlement, or only who are in receipt of pensions for injury occasioned by such service.

The privileges of the act extend to widows of such persons for the purchase of privately owned lands. In any province.

The German map which has recovered to 47 francs per hundred, fell, on publication of the peace terms, to 37. All shades of bonds connected with German enterprises dropped considerably in price.

Says Germany Will Cease to Exist

Germany is willing to make integral reparation, but the conditions in the peace treaty take from her all means of doing so, Chancellor Schiedemann told the National assembly, according to the version of his speech received from Berlin. The chancellor said that if Germany accepts and signs the treaty she will cease to exist. The German government, Herr Schiedemann said, considers that the peace conditions of the Allied and associated powers are not acceptable. He criticized the actions of President Wilson and said that his attitude decided the German people. The chancellor announced that German peace delegation had presented counter proposals and would present others. He said the most important task of the delegation at present was to open negotiations with the Allied and associated states.

SIR ROBERT BORDEN

RETURNING TO CANADA.
Sir Robert Borden, the Canadian premier, is returning to Canada, according to Reuters Limited, because the political situation there was to require his presence. Sir George Foster probably will take Sir Robert's place as head of the Canadian delegation.

Aliens in Winnipeg Ordered Interned

Three aliens brought before Judge Myers of Winnipeg, by the Great Westerners' Association as a test for deportation were interned by order of the judge. Judge Myers stated that he had no jurisdiction in ordering their deportation but that he would order them to be interned. He stated would be done through Canada and it would then be up to the military authorities to decide whether they would be deported or not. They were then handed over to officers of the R. N. W. M. P., who see to their internment.

Canadians are Now Leaving Siberia

A news report from Vladivostok, Siberia, dated May 9th says: "Steamship Empress of Japan sailed today with the balance of the Two Hundred and Sixty-fourth battalion and details, a total of 700 men of all ranks." The steamship Empress of Russia is due to sail about May 18 with the remainder of the Canadian expeditionary force with the exception of the necessary administrative details who will remain here for some time."

ANOTHER MACHINE ENTERS ATLANTIC RACE.

The navy dirigible C-4 left Montauk Point, N. Y., yesterday, on a flight to St. John's, Nfld., which may be followed, if the coastal performance proves satisfactory, by an attempt to fly across the Atlantic. The balloon took the air at 8 a. m. and promptly stepped into her maximum cruising speed of 90 miles an hour, which was expected to drive the "big bag" over the 1,200 miles to Newfoundland in 24 hours.

May 25 is Set as**Sunday School Day**

Our provincial government has seen fit to issue a proclamation calling upon all people in the province on May 25th to attend some Sunday school session that day.

The Alberta Sunday School Federation has prepared a special program for that occasion and has distributed the same in all sections of the province.

Our effort is being made in this way to arouse interest in the work of Religious education. The various denominations have united their forces in this work and thus present a united front. Only one in ten in the province

attend Sunday school now. Why not all turn out that day!

It may mean that, in a number of districts, someone will have to take the lead for that day. Why not call a meeting for that day and discuss the religious plans for meeting the need? Here is an opportunity for the whole province to unite in a common good, and we trust to hear of many successful gatherings.

The General Secretary of the Federation would like to have a report for the day. A card to 400 MacLean block, Calgary, would be appreciated.

A triumphal march of the allied armies through Paris will take place on June 6th, according to the present understanding. The event will occur on that date even should the peace treaty not have been signed.

Towns are Judged**By Their Appearance**

We are fast becoming a nation of travelers largely by reason of the invention of the automobile. We travel with ease and comfort along roads never dreamt of, leading us through cities, towns and villages, that we hardly knew existed and how often we find ourselves, as we pass through a town or a village, judging as to the character and standing of its people.

When you find the homes well maintained, in color harmony with their environment, you will find on intelligent and prosperous people, the children "well fed and well clad," a feeling of substantial solidarity permeating the entire community and im-

pressing itself upon the traveler. These conditions create a civic as well as a personal asset of value.

How different your feeling when approaching and passing through a town or village, where the homes show the lack and deed of painting, the inevitable result being decay and disintegration of that which might have been a substantial asset against the day of necessity. The impression formed is that of pity, if not disgust.

There is no better index of the character and solidarity of an individual or community than the condition of his or their properties. It shows thrift or lack of it and where thrift abides and is practiced there you will find intelligence and prosperity. Calgary Herald.

Fly From Vancouver**To Victoria Return**

The first flight between Vancouver and Victoria was accomplished by Captain Alfred Eckley, pilot, and Captain Carl Aull, of the Aerial League of Canada. The flight was made in a Canadian J.N.14. Curtiss airplane and the time, including a stop over on the island city, was three hours and 41 minutes.

The return trip across was made in 54 minutes. The distance is 90 miles.

Major-General Sir Robert Baden-Powell, head of the Boy Scout movement, is now in Canada making a tour of the country.

CANADIANS NERVOUS

ALL BORE JULY 188.

Gen Currie, speaking to the Canadian Associated Press in London, expressed his confidence that not many Canadian soldiers would remain on that side after the middle of July.

"We hope to break all records this month, by at least 10,000," he said.

"If we get 55,000 away in May, and 50,000 in June, there will not be many left here. Of course, we have always the bugbear of strikes to contend with."

The commander of the Bavarian red army, Herr Egloff, was shot and killed Saturday afternoon after being sentenced to death by court martial, according to Bamberg messages to the Tageblatt.

A meeting of the Local Improvement Society will be held in the Red Cross rooms next Wednesday afternoon, May 18th, at 8 o'clock. As the annual election of officers will take place at this meeting a full attendance is requested.

The teachers and scholars at the school fittingly observed Arbor day last Friday. A systematic clean-up of the school and grounds was undertaken and as a result there is a very noticeable difference. Gardens were also planted by the older pupils. The caretaker has also been doing some good work on the grounds.

The health officer of the town has collected samples of milk from all the milk sellers in town and has had same analyzed by the government official. In all cases the milk has stood a good test for butter fat. At the same time each was also taken and the report of the analyst was to the effect that they were all extra good.

Mr. Wm. Henderson, sr., received this week a post card which had on it a photograph of the grave of his grandson, a Redcliff boy, who died in Siberia when on active service. The picture shows the grave literally covered with flowers and at the head of it was a large wooden cross bearing the inscription in plain lettering: No. 277473, Trooper W. J. Henderson, C. E. F., Royal North-Western Mounted Police, Died in Service Dec. 23rd, 1915, R.I.P. Mr. Henderson came in possession of the picture quite unexpectedly and by accident and naturally he prizes it highly.
